One proposed model for a new seminary

The future of the Seminary is in your hands!

**A new seminary?**

The Seminary has rapidly outgrown her walls! We are now faced with a difficult question: should we build a new seminary to accommodate the plentiful harvest of vocations? We own land in Virginia which is perfectly suited to a new seminary, but the final decision is yours!

**Your promise, your decision**

We are asking you to consider making a *promise* to donate money towards a new seminary. If we receive enough generous promises like yours towards this cause, we will proceed with the project. In other words, we are asking *you* to make the decision for us!

Le séminaire de Winona (Minnesota) du district nord-américain de la **Fraternité Sacerdotale Saint-Pie X**, étant devenu trop petit pour accueillir les vocations sacerdotales qui s'y présentent, les responsables de ce district ont décidé de le transférer à Charlottesville (Virginie) où la décision d'acheter un terrain de 2,8 km<sup>2</sup> a été prise. Reste à construire ce nouveau séminaire dont le dessin ci-dessous donne une idée.
